

SMART GRID & ENERGY STORAGE

TRANSATLANTIC BUSINESS DELEGATION TO MINNESOTA AND ILLINOIS
SEPTEMBER 18-22, 2023

MEET OUR GERMAN EXPERTS

Roundtable in Minneapolis: Sept. 19
Conference & Networking Session in Chicago: Sept. 21
Individual Business Meetings :
Sept. 18-19 (Minneapolis); Sept. 20-22 (Chicago)

ABOUT THE PROGRAM

From September 18-22, 2023, we are bringing together a diverse group of industry experts, thought leaders, and innovative minds from Germany and the US for a Business Delegation focused on modernized energy storage, advanced grid management, and smart grid solutions. The program, including a roundtable, expert conference and individual business meetings, will provide US stakeholders with an opportunity to forge valuable partnerships, explore new business prospects and foster collaboration with German industry experts in the smart grid- and advanced energy storage space.

MEET OUR DELEGATES (click name for company website):

BVES

The **German Energy Storage Association**, with more than 250 member companies in Germany, ranging from energy storage to solar, wind, chemical, financial, utilities and the automotive industry.

adstec

Battery-buffered ultra-fast EV charging solutions for charge network operators and consumers. Among the top 3 finalists for the German Future Award 2022, honoring excellent technology and innovation.

meteocontrol

Leading provider of **innovative solutions for energy management**. Innovative custom-tailored solutions to monitor and control renewable assets, maximize energy efficiency and transit to 100% renewables.

Digatron

Global supplier for **battery test and formation systems** for development and quality assurance. Customers include battery manufacturers, the automotive and EV industry and research facilities.

fenecon

Energy storage systems and smart energy management. Future-proof solutions for a transition to 100% renewable energy for electricity, heat and mobility.

renac

The **Renewables Academy**, a co-organizer of the delegation, leading international providers for training and capacity building on renewable energy and energy efficiency

This delegation is a part of the German Energy Solutions Initiative funded by the German Federal Ministry for Economic Affairs and Climate Action.
